Absentee ballot count reveals no change in early vote trends

There weren't many surprises in the counting of the absentee ballots from Sept. 17 primary election was completed Thursday afternoon. County Auditor Alice C. Thorne reported 588 absentee ballots were returned to the county.

In all but one case the leader in the primary voting was also the leader in the absentee balloting. The only change from this was in the race for Attorney General, where Marvin Durning had led the county with 1,327 votes, while Gorton picked up 126 votes in the absentee count. Robert G. Kerr had 111, John G. McCutcheon 72, Fred H. Dore 97, Durning 56, Don G. [illegible] Jr., 32, and Ben Harvey 21.
