Dear Dr. Fletcher:

It's been a year since I have spoken to you and I'm writing to send you my greetings and wishes for good health.

I'm not sure you will remember me; I was the "CEO" of CRA...the collection company in Harrisburg. We had the pleasure of dining together and discussing your desire to educate churches as to virtues of financial "opportunities". I'm sure that it has been a challenge turning clergymen into financiers. I wish you the best of luck.

I resigned from CRA and am now pursuing collections through another company, Liberty Resources Group. I am still interested in the IRS opportunity of which we spoke. You may recall that we discussed approaching this topic through the concept of first providing credit counseling services to the military (under the spirit of national security interest). The company I represent provides these counseling services to the general public. I would like the opportunity to pick up where we left off by arranging time to meet with you at your convenience. I would certainly be happy to buy you lunch.

If your schedule doesn't allow time, I certainly understand. I still am thankful to have had the opportunity of meeting you. I can be reached at (610) 372-3670. May God Bless You and Your Family.

Sincerely

Kirk Jackson

P.S. I hope all is well with Paul and his HUD projects.
