Dear Art:

Congratulations on your appointment by President Bush to chair the United States Civil Rights Commission. I'm delighted that a man of your talents and brainpower is put to work in such an extremely important area.

I hope that you will be able to get out here in the near future. If so, give me a call. We can chat about old times on the Urban Affairs Council. If I ever get to D.C., I'll be sure to look you up.

Again, I offer you my congratulations. Way to go!

Best regards,

Sam Reed
