June 16, 2003

The Honorable George H.W. Bush
10000 Memorial Drive
Houston, TX 77024

Dear Mr. President:

I hope that you are enjoying your time in Maine with family and friends. It was great seeing you too in Austin at the Eagles reception. During our conversation we spoke about the video for my "roast and toast." This event has been postponed. However, I'd like your video to be used in the documentary that Washburn University, my Alma Mater, is producing of my life's work. Information on this project was included in the information packet that I gave to you in Austin.

Once the DVD is finished, footage from it will be converted to a short program for viewing on PBS. I'd greatly appreciate that in your tape you also focus on our relationship over the years, especially the time I served you at the United Nations, and as U.S. Civil Rights Commissioner.

Please let me know if any of the taping suggestions noted below for the Art Fletcher Project are acceptable:

1. Washburn has a relationship with a PBS affiliate in Maine. They could have a faculty member from the University and PBS film producer interview you.
2. Send film crew and faculty member to conduct interview.
3. Submit questions to you and have faculty member and producer come to location of your choosing.

As suggested in your letter dated May 5, 2003, I will have Janie Tisdale of my office contact Linda C. Poepsel or Laura Peters to arrange the details about this video.

George, my good friend, please know that I will be honored to receive whatever support you are able to provide in this project. I look forward to hearing from you soon.

Take good care of yourself and give my regards to the **perennial First Lady**. Bernyce sends her love to both of you.

Respectfully,

Arthur A. Fletcher
