

"GO, set a watchman, let him declare what he seeth" (Isaiah 21:6)

There have been many "crazy radicals" throughout the written analgæ of mankind. About 2448 BC an old white haired man was working feverishly to build a boat. His activity was the topic of gossip and ridicule!

Then a mature man had been commissioned by a queen to put to sea and sail west with three boats. Everyone knew he would sail out there and somewhere drop off the edge to his doom. Everyone knew he was indeed crazy. No one in his right mind would hire on as sailors to man his ships. The prisoners who were conscripted to serve were surely being condemned to death!

If my memory serves me correctly a man who had obviously been drinking heavily, was he the town drunk suffering from delerium tremens-- riding his trusty steed through the streets recklessly; thereby endangering public safety yelling boisterously, "The British are coming, The British are coming!!" There should have been "public policy" to prevent such maniacs from disturbing the peace and endangering the citizenry!!

God's created humankind are the unfortunate victims of two little known terms: VERBICIDE--which has nothing to do with killing weeds, and SYMBOLAEOGRAPHY, which according to Black's Law dictionary is the cunning in writing contracts!! Now we know why there were in excess of 26,000 pages to GATT/WTO and over 40,000 pages to the "Crime"--not the anti-crime--bill!!! Whatever happened to the original 13th Amendment which prohibited the VERMIN attorneys to hold public office. Now with over three fourths of those leeches serving in the Washington and State legislative seats we have no separation of powers. The VERMIN legislate and VERMIN interpret what has been legislated. Even the Declaration of Independence, the Constitution, and the Bill of Rights which contain no SYMBOLAEOGRAPHY, and do nothing more nor less than to guarantee our GOD-given rights to LIFE, LIBERTY, PROPERTY AND THE PURSUIT OF HAPPINESS!! AMEN!, which is to say, "and that's the way that is!!".

VERBICIDE is the deliberate perversion of a word, a language, and of a land. I was born with the devil in me--weren't we all-- but I was a gay kid, happy, light-hearted, merry, cheerful, vivacious, albeit somewhat non-conformist, but confident of who GOD had made me to be and where I came from and where I was going. Today, because of dumbed-down/numbed-up education in public education and the churches of churchianity for two generations too many AMERICANS and none of the SODOMITES wear their caps on backwards or askew because they don't know whether they are coming or going!

The inimitable Will Rogers who once said, "Go ahead and rock the boat, it's sinking anyhow" also so wisely and succinctly spit out a mouthful with, "Ain't nobody as stupid as an educated man if you can get him off the subject he was educated in." There are two kinds of government: a Representative Republic in which the people control the government--which we HAD, and a government by tyranny in which the government controls the people--which we have become. Question: Would government controlled schools--10th plank of the communist manifesto--teach your children how to control government?

sincerely in CHRIST--Ron Stuart--Scottish Sage--HIS servant
