# WASHBURN ICHABOD GOLF™ GOLF

Washburn University was established in February 1865 as Lincoln College by a charter issued by the State of Kansas and the General Association of Congregational Ministers and Churches of Kansas. A two-story brick building on the northeast corner of 10th and Jackson Streets was soon erected and the first classes began in January 1866. In 1868, the school was renamed Washburn College, in recognition of a \$25,000 donation by Ichabod Washburn, a church deacon and resident of Worcester, Mass.

The university was granted a permanent location in 1865 when Topekan Col. John Ritchie donated a 160-acre site, which at the time was a considerable distance southwest of the city. Construction on the first building began in 1872, with occupancy taking place in 1874. For the next two decades, college President Peter MacVicar conducted an aggressive development campaign. His efforts resulted in the establishment of numerous Victorian limestone structures which characterized the campus for the next 90 years.

Expansion of the school was constant. The School of Law was organized in 1903, as was a School of Fine Arts and a medical school, which educated physicians until 1913. During the next three decades structures such as the Mulvane Art Museum, Benton Hall and Whiting Field House were added to the campus. In June 1966, a tornado struck Topeka and several historic buildings on campus were demolished. The Washburn community rallied and financial support from friends and alumni made possible the rebuilding of many school facilities during the coming years. Today, university facilities offer more than one million square feet of modern academic and support

space.

In 1941, the citizens of Topeka endorsed Washburn by voting to establish a municipal university, supported in part by the city and governed by a local board of regents. In 1952, the Washburn Board of Regents officially changed the name of the school to Washburn University of Topeka. In 1999, the university's primary funding was moved from city property tax to county sales tax sources, with the school retaining status as a municipal subdivision of the state. In addition to local financial support, Washburn has received state funds since 1961, which have been coordinated by the Kansas Board of Regents since 1991. Washburn is governed by its own nine member Board of Regents.

Washburn provides broadly-based liberal arts and professional education through more than 190 certificate, associate, baccalaureate, master's and juris doctor programs through the College of Arts and Sciences and the Schools of Law, Business, Nursing and Applied Studies. Ninety-seven percent of the faculty hold a doctorate or the highest degree available in their discipline.

**Dr. Jerry B. Farley**  
University President

Jerry Farley became the 14th President of Washburn University in 1997 following an extensive career in finance and business affairs at several Oklahoma higher education institutions. Aside from a full schedule of Washburn responsibilities, Dr. Farley speaks and teaches around the United States on topics related to Higher Education Finance, Auditing, Management and Leadership. He is a C.P.A. and has been the president and chair of the board of several state and national professional

organizations. He has authored or co-authored numerous articles and books on finance and accounting.

Dr. Farley holds a degree in finance and accounting, an MBA, and a Ph.D. in Higher Education Administration - all from the University of Oklahoma.

Serving on local and state boards has always been a priority for Dr. Farley. He is past president of the Topeka Chamber of Commerce. He has served on the board of directors of Red Cross, American Cancer Society, Boy Scouts, United Way and economic development corporations including Go Topeka.

He is the recipient of awards for outstanding contributions in public service, accounting, and higher education.
