

GEORGE BUSH

November 6, 2002

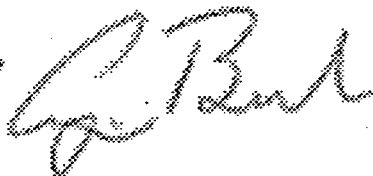

Dear Art,

Barbara and I are checking in to offer our personal congratulations as you are paid fitting tribute by Boardroom Bound

When I think of you, my friend, I think about honor, decency, and integrity; I think about leadership and outstanding service to country and to your fellow man.

Your dedication and commitment are well documented and rightly acclaimed. All that remains for Barbara and me is to get in the long line of Arthur Fletcher friends and admirers to say, "Well done, Art, and well deserved."

Warmest personal regards,

A handwritten signature in cursive script, appearing to read "George Bush".
