**Subject:Reinstatement To Previous Position**

**Ref: My Letter dated May 13,1996**

Thank you very much for your efforts in securing my previous position with the Bank with no break in service,etc. I also wish to thank Mr. Larsen for his efforts on my part. I am very grateful for your help with this matter. I do have some questions as to who our contact in Human Resources is. Amada Morales,our BLD Admin Assistant, has spoken with Bee Chin,VP&Asst.Div. Mgr. for HRD. Ms. Chin stated that she did not know how my returning was to be handled. If there is any paper work that I need to fill out,please let me know. My salary,expense checks,etc., were on automatic deposit to my SBC account. I still have the SBC cashier's check which I have not cashed because I did not want to be paid for the earned vacation days,but would rather take the days at another time. Consequently, I should only be paid for May1&2.If this could be handled as an unpaid leave of absence it would be deeply appreciated. I am returning the cashier's check so that payroll can make any necessary adjustments in order to put me into the regular 14th&28th pay cycle.

Again,I want to thank everyone who helped in getting me reinstated at Sumitomo Bank of California.

Sincerely,
