Dear Mr. La Roe:

I am writing this letter as a friend and former co-worker of Mr. James L. Doss.

In my position at Brotherhood Crusade, I worked very closely with Mr. Doss in community development programs. Mr. Doss being a liaison person between our funding agency and the community action programs. Mr. Doss performed with profound dedication and insight in the community development programs.

Mr. Doss as a personal friend of mine, gave me much inspiration and support continuously. No matter what time or condition prevailed, he always brought forth positive suggestions and comments to a personal crisis or a community problem.

Many of the programs that Mr. Doss initiated in the community are still sustaining and growing out of his original creativeness and enthusiasm he gave to them.

Mr. Doss is remembered by all and especially myself, for not only his energy and commitment to the community but most of all his loyalty and honesty.

I feel that there is only one consideration to be made and that is parole for Mr. Doss.

Yours truly,

Walter Bremond
