EPHRATA — A count of the 541 absentee ballots cast to the Sept. 17 primary election in Grant County made no changes in results reported from regular ballot counting.

However, the one close race — for the office of county assessor — drew even closer with the Tuesday afternoon count of the absentee ballots in county Auditor J.F. Jack "Paddy" Cord's office.

When tabulations of regular balloting was completed Sept. 17, incumbent John O. Kolve held a 345 vote lead over Les Johnson of

who offered no candidate, so Kolve will be uncontested in the general election in November.

Paddy Cord said the final total of 2,611 votes cast in the county balloting amounted to 47.5 per cent of the registered voters. He said before election day he had said he would be a landslide and predicted a 90 per cent turnout.

The additional 541 absentee ballots to the regular balloting followed in the 10 precincts established in the county.

Final results for Grant County are as follows:
