

July 15, 1969

President Richard M. Nixon
The White House
Washington, 25 D. C.

Dear Mr. President:

The present Philadelphia Contract Compliance plan proposed by Art Fletcher, Assistant Secretary of Labor is significant in providing opportunities for minority contractors and employers. We are urging your support for the program which will demonstrate that the Federal Government is willing to extend its resources in advancing opportunities for minority group people.

Sincerely,

Harold D. Whitehead
Executive Director
