KING F. COLE, President

Dear Art:

I was delighted to get a chance to talk with you on the phone before you left Seattle. I am looking forward to seeing you in the near future.

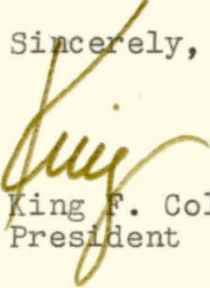

We have put together a packet of material which you requested. It includes a photo of the site and a preliminary drawing of the proposal.

The excerpt from the Environmental Impact Statement, which was just released yesterday, will give you a background on the history of the project and also the economic considerations.

There is a basic fact sheet, a brochure and some recent news releases that might be interesting to you.

If there is anything else we can do, please let me know.

Sincerely,

King F. Cole
President
