Dear Mr. Doc Palmer:

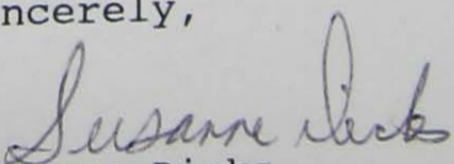

This is in further reference to your request to file a Delayed Certificate of Birth.

We have received and reviewed the documents you sent to our office and find that we are still in need of two (2) documents to proceed with the filing of a Delayed Certificate of Birth. The enclosed brochure is for your use of suggested sources of documents required.

If you are unable to provide our office with the required documentary evidence, you may wish to file a Delayed Certificate of Birth in accordance with the provisions of section 382.0195, formerly known as 392.018, Florida Statutes, through a Circuit Judge's office.

We will hold your request, pending your response to the above.

Sincerely,
