Dear Secretary Fletcher:

Just a short note to thank you for your presence and address at our meeting of February 4. Both NAIRO and the Commission on Human Relations, hosting this state-wide conference, recognized the value your presentation had for our continuing program.

I have included copies of the newspaper clippings which appeared in our newspapers the following day. It is possible that you received these already but I wanted to assure you of our appreciation for your presentation.

Hope your trip to Huntsville was enjoyable; that you will be able to spend some time with your family this weekend; and that I may see you again soon.

Sincerely,

LARY GROTH
