The Horrible Jerry Lewis
U.S. House of Representatives
Washington DC 20515

Dear Congressman Lewis,

I am writing concerning the Bill signed regarding the budget cut for the summer job training programs. These programs have been around to support many of student workers all over the country of the U.S.. These job training programs motivate the leaders of tomorrow, some we do not know today, but we may see tomorrow. Hundreds and thousands depend on these programs to look for jobs: due to the fact that it is rare that employers want to hire a youth. This is a way to keep some off the streets, and preventing them from wandering in society and look for trouble. This letter short but sends an important message saying that the JTPA that have been provided for many years, have helped many poor people. So, Please understand, and please do not take this job training programs away. Thanks for spending your time to read this letter.

P.S. I am sorry that my English wasn't well. Please, think about this again and don't throw this letter away.
THANK YOU.

Sincerely yours,

Tuan H. Nguyen
