Dear Art,
I was delighted to read
about your appointment as
Chairman of the Civil Rights
Commission.

Based on my evaluation
of your outstanding service
in my administration I
believe the President could
not have appointed a
better man.

You must be prepared
to take a lot of heat
from critics on both the
left & right. But
you have demonstrated
that you can dish
it out as well as you
can take it!

With warm regards

Phil
