PAUL B. CORNELLY, M.D.
IRVING R. TABERSHAW, M.D.

Address Correspondence to:
MEDICINE AND THE FEDERAL COAL MINE
HEALTH AND SAFETY ACT OF 1969
1714 MASSACHUSETTS AVENUE, N.W.
WASHINGTON, D. C. 20036
TELEPHONE 202-387-4800

June 29, 1970

Mr. Arthur A. Fletcher
Assistant Secretary for
Wage and Labor Standards
Department of Labor
Washington, D. C.

Dear Mr. Fletcher:

The Planning Committee has asked me to thank you for the paper which you presented during the recent National Conference. They are deeply appreciative of the time you devoted to the preparation and presentation of your statement. I can assure you that it was a major contribution to the success of the Conference. We have already received a number of laudatory comments on your paper as well as the entire Conference.

Plans for the publication of the Papers and Proceedings are proceeding apace. Adherence to our present schedule should enable us to have this volume available for distribution early this fall, at which time you will immediately receive your copy. In the interim, it is possible that we may need to ask you to check the accuracy of your paper after the printer reproduces it. We will endeavor to avoid this if possible.

Again, we want to thank you and express our sincere appreciation for your interest and participation in the Conference.

Cordially yours,

Lorin E. Kerr, M.D.
Secretary
Planning Committee

Conference to be held at the Mayflower Hotel, Washington, D.C. June 15-18, 1970

Organized and Conducted by

Division of Environmental Health Sciences, School of Public Health, University of California, Berkeley, California
Department of Community Health Practice, College of Medicine, Howard University, Washington, D.C.
