Subject: Government representation in behalf of Mr. Zarko Tenjer, majority owner and Chief Executive Officer of Tri-Star Oil Company " to down load funds from a cluster account on deposit at Chase Manhattan Bank in New York City. (See attached message dated 12/15/03).

Dear Chairman Greenspan;

Without providing a "book load" of detail, I will come straight to the point for writing this letter to you.: I have a client, by the name of Mr. Zarko Tenjer. He owns a oil company named Tri Star Oil Company that is registered in England. It has multi-billions of dollars, in a cluster account on deposit at Chase Manhattan Bank in New York City.

Recently, Mr. Tenjer, made several times to draw down significant amounts of monies from the cluster account. However, as of this writing, he has been unable to do so. I was recommend to Tri-Star by the Pacific Rim Development Group as a government relations consultant, that might be able to assist them. . Why did Tri-Star become my client?

The Pacific Rim Development Group (PRDG). is a Low and Moderate Income Housing Development Business. Mr. J J. Jones, one of the firm's owners was among a group that accompanied me, when I visited your office several years ago. (PRDG) has a interest in Mr. Tenjars company because Tri-Star's owners have agreed to invest in several housing development projects that they have on the drawing. I have agreed to a substantial contingency fee for my services, provided my efforts help accomplish Tri-Stars objectives. In other words the intended results or outcome is what counts. After spending all of my

Chairman Greenspan, I am still a resident of the District of Columbia, and I am now earning my living as a government relations consultant. I live near the water front, in Southwest Washington, DC., and I have a home office in my family residence. If necessary, I can be at your office with a ten minute cab ride.

If I can be of any assistance with this matter, or if there is something I need to know in regard to the legal or technical aspects involved in this transaction, I stand ready to be informed. If there is information about my clients repeated attempts to draw down the funds in question that I should know but have not been made privy to, by my client, I would appreciate knowing that too. Chairman Greenspan, I feel certain that you know the following about me, nevertheless, I decided to the following in writing:

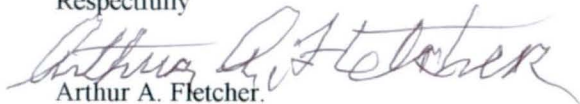

“At this stage in my life,(I’ll be 79 come December 22, 03), millions in contingency fees notwithstanding, there is not anything I would do to destroy my hard earned national reputation for honesty, decency and integrity at this stage in my life’s journey. Therefore, as long as my client is not asking me to do” something illegal and/or detrimental to the national security”, I am prepared to do whatever is necessary to complete this assignment and receive compensation for my services.

Mr. tenjar has agreed to pay me my contingency fee within 72, hours after he has drawn the funds he is requesting this matter. As I said elsewhere in this letter, I can be in your office immediately .My phone number is 202-554-0573 and my fax in 202488-9123.

I will conclude by stating that, your unquestioned knowledge and skills managing our nations money supply is absolutely priceless. You have done and are continuing to do a masterful job keeping the nation’s economic ship afloat in the stormiest of domestic and international waters; so much so that it appears that you were born for this hour in American history.

Take care of yourself, and as the boys in the hood would say,” stay on the case, and keep on keeping on”.

Respectfully

Arthur A. Fletcher.

P.S. I’ll appreciate a response to this request ASP. If I have received a call by or before December 22, 03 I’ll call your office to see if there is any additional information needed to respond to this request for help and or resolve the matter.
